

Vox® Conference Tables: T-Leg™ Base  
Design: Mark Müller

**Wood Finishes:** Nienkämper wood veneers are offered in a variety of beautiful finishes. Some options are pictured below.

**Edge Profiles:** Five durable and beautiful edge details offer the perfect compliment to top shape.

**Anodized and Polished Aluminum Finishes:** Extruded aluminum components are available in a mirror polished finish and a range of anodized finishes, as shown below.

**The T-leg™ Base:** Within its slim, sleek components, this base design can conceal significant quantities of excess cabling. A built-in vertical raceway can be accessed by removing the exterior aluminum center panels of the T-leg base. (Other Vox® Conference Table bases: Duo™, Tri™, Quad™, and Access™ bases provide greater storage capacity.)

T-Leg™ Base Vox® Conference Tables are available in standard sizes, from 72" x 36" up to 240" x 84".

## Vox® Conference Tables: T-Leg™ Base

Design: Mark Müller

**The Vox® Collection™:** Vox® is a versatile collection of furniture and accessories, designed to work with the electronic equipment that has transformed the corporate world into a globally connected realm. The Vox® Conference Table with T-Leg™ Base combines a graceful appearance with obstruction-free design. Equally important, this base's vertical section both conceals excess cable and serves as a channel to route cable to and from the floor.
