meet, present, lounge... **GATEWAY**<sup>TM</sup>

Design: busk + hertzog

# Gateway™

## Upholstered Lounge Elements

Gateway™ upholstered lounge elements enable comfortable collaboration. They include linear and curved modular components which enable the customer to create their own solution. Element styles are bench, sofa and a sofa with integrated privacy screen which add sound dampening to any concave or convex sofa element.

# Gateway™

## Media Wall Tables

Gateway™ Media Wall Tables are an excellent solution for areas that require high interactive meeting capabilities. They feature an integrated vista or round table with a media wall ready screen and stylish base.

Three table heights: 22" | 29" | 38"  
Three screen heights: 56" | 63" | 72"  
Two screen widths: 48" | 58"

# Gateway™

The Gateway™ Collection is comprised of 3 major elements that work in conjunction to provide smart solutions for multimedia presentation, video conference and traditional office requirements.

Gateway™ is carefully proportioned with simple design and clean lines that are synonymous with Nienkämper's design aesthetic.

The Gateway™ range of furniture includes tables, media walls, lounge seating and accessories, which can be used individually or together creating a concept which is highly customizable - from small informal meeting tables, big formal telepresence tables to informal lounge groups.

# Gateway™

Conference and Stand-Alone Tables

are an excellent solution for boardrooms and lounges alike.

# Gateway™

Connecting in real time for the different ways that meetings are taking place.

Gateway™ answers the call for the different ways that meetings are taking place - both virtually and physically and in a formal or informal way. Gateway™ embraces modern technology but is unique in its ability to adapt to the changing technology spectrum. As such, Gateway is 'technology neutral' making it more versatile and independent. The end user decides which technology is right for them, letting design once again take the lead.
