WIRE MANAGEMENT "U" CLIPS

55020
10 pieces

80

All Vox tables ordered with Forums ship with a sufficient quantity of "U" clips for extensive cable requirements.

You can purchase additional sets of 10. These are extremely helpful for wire management and easy to use, simply compress and expand into place.

Vox "U" Clips are:

- Fitted on any side of a Vox table rail.
- Adjustable along the entire rail.
- Made of grey ABS.

WIRE MANAGEMENT STRIPS

55021
4 pieces

100

All Vox tables ordered with Forums ship with one 12" piece of adhesive, low profile, wire management strip per Forum.

These can be applied to the underside of the top for light to medium quantities of cabling. You can purchase additional sets of 4.

- 12" length.
- Made of black extruded plastic.

WIRE MANAGEMENT WHEELS

55022
2 pieces

70

This is an alternative solution for storing cables to the underside of the table.

This rubber wire management wheel wraps cords around it, snug cords into one of three detents.

- Size: 4" dia x 1-17/32" H
- Available in black.

VOX EXPANDABLE CABLE CONDUIT

55024-B	black	940
55024-S	silver	940
55024-C	clear	940

The Vox Expandable Cable Conduit is made of woven, flexible plastic wire. Its unique properties allow it to expand and contract to allow for different cable capacities.

A bracket at the top attaches to the table rail and can be moved to any position along the table.

An 8" diameter counter weight is incorporated at the base which can be positioned to accommodate core drills or receptacle positions. Inside hole diameter is 3.5".

Cable capacity range is from two inches to four inches.

Shipped with extra length, the Vox expandable cable conduit can easily be shortened on site if required.

VOX LINKED CABLE CONDUIT

55025-B	black	1,020
55025-S	silver	1,020
55025-C	clear	1,020

The Vox Linked Cable Conduit is comprised of a series of plastic elements that are divided into 4 cavities.

As an assembly it bends in a single direction but may also be rotated about its top mount.

The bracket attaches to the table rail and can be moved to any position along the table.

An 8" diameter counter weight is incorporated at the base which can be positioned to accommodate core drills or receptacle positions. Inside hole diameter is 3.5".

- 2" long segments can be removed to desired length.
- Wire capacity: eighteen 16 gauge cables.

POWER BRIDGE FOR CABLE CONDUIT

Power Bridge shown integrated with cable conduit base.

Power Bridge shown separated from cable conduit base.

55027-48 48"	435		
55027-96	96"	710	

This "Power Bridge for Cable Conduit" is a floor-mounted cable manager with a special cut-out at one end that allows it to be pushed in under the base of an Expandable or Linked Cable Conduit. This guarantees that cabling is totally concealed.

Made of aluminum in a clear anodized finish, it has two separate cavities that accommodate ten data-style cables, or three 16-gauge power cables in each cavity. A removable strip in the centre allows for concealment of the attachment screws. The Power Bridge can also be mounted with two-sided tape.

*Sold with Vox Tables only

NOTE: Custom lengths can be ordered. Contact Customer Service at **1.800.668.9318** for pricing.

POWER BRIDGE

55028-48 48"	300		
55028-96	96"	585	

This "Power Bridge" is a floor-mounted cable manager intended to protect and cover cables that need to run across traffic areas on the floor.

Made of aluminum in a clear anodized finish, it has two separate cavities that accommodate ten data-style cables, or three 16-gauge power cables in each cavity. A removable strip in the centre allows for concealment of the attachment screws. The Power Bridge can also be mounted with two-sided tape.

NOTE: Custom lengths can be ordered. Contact Customer Service at **1.800.668.9318** for pricing.

INTEGRATED STORAGE COMPARTMENT CHART

Model Number	Length	List Price	Product Description
-----------------	--------	---------------	---------------------

INTEGRATED STORAGE COMPARTMENT

55090
55091

955
1,185

An optional storage compartment is available for integrating directly into the top of any Vox conference table. Two doors with an elliptical opening on the top allow the user to easily access the interior of the compartment, while providing an opening for wires. Each interior corner of the unit allows for cables to pass and electrical equipment to be connected. A soft close feature prevents doors from falling rapidly into the closed position.

Interior dimensions for both units 4"H x 14-1/2"W x 18"L

Refer to the chart below to identify correct model and availability for your table dimensions. A limited number of Duo Base tables do not accommodate integrated storage compartments.
