VOX® MULTI-PURPOSE ROOM TABLES

## VOX MULTI-PURPOSE ROOM TABLES   **160-173**

Vox Multi Purpose Room Tables have been specifically designed to address the need for reconfiguring in demanding spaces where seating capacity is to be maximized.

SELECT TOP SIZE AND TOP STYLE

Use the index to select a table base option that is appropriate. Top sizes range from as small as 60" x 30" to as large as 96" x 36". Wood veneer or laminate options are also selected here. Page 180 describes seating capacity to help in determining the appropriate top size.

SELECT BASE SIZE AND FINISH

Duo Base   **Anodized T-Base**   **Mirror-Polished T-Base**
Because of the small scale of the Multi-Purpose Tables, the Duo & T-Base allow repositioning easily.

Three different edge top combinations can be specified on any table. A small profile drawing is located at the top of the page along with a two letter code. Select the model number with the code of the top desired.

SELECT MODEL NUMBER

L"	x	D"	Suggested Seating Capacity*	Top Finish	Model Number
72"		30"	2	P-lam with self edge	53401/5LE
				P-lam with wood edge	53401/5WE
				Wood with self edge	53401/2SE

SELECT VENEER AND FINISH

Standard veneer lay-up is flat-cut book-matched. Alternate veneer grain options, veneer species and stain options are found on page 174.

SELECT LAMINATE

A number of standard wood grain laminate options are available on page 175. Customer-specified laminate options can also be specified with either Laminate edge "LE" or Wood edge "WE". A number of colored laminates are available with laminate or wood edge on page 176-177.

Modesty panel options are available for all Multi-Purpose Room tables. These options include a 6" high wood veneer or laminate panel fixed into position with a $^3/_4$" gap under the top edge to allow for gabling requirements. The other option is an aluminum panel that hinges open for ease of access under the table. Simply select the model number that applies to the modesty panel option you want.

MODESTY PANELS

Vox Forums provide a variety of options for simple to complex connectivity needs. Pages 195-222 describe these products and their features. When selecting Forums for Multi-Purpose Room tables be sure to include a modesty panel option on the table to conceal wiring.

SELECT VOX FORUMS
Enhance the performance of your Vox Multi-Purpose Room table with a number of accessories that can be specified. All products that relate to wire management can be found on pages 248-252.

SELECT ACCESSORIES
Included in the pricing of each Vox Multi-Purpose Room table is a pair of swivel catches (detailed on page 254) that allow tables to be easily connected and disconnected. Swivel catches can be moved to a number of other positions on the underside of the table to allow for alternative configurations.

GANGING AND CONNECTING
VENEERS

All wood surfaces are protected with a durable polyurethane clear laquer with UV inhibitor. This finish is known for its exceptional durability, as well as abrasion, chemical, impact and scratch resistance. Standard sheen level is 45 degrees. Optional 10 and 35 degree sheen levels are available on request at no additional cost.

| Wood Species	Order Code	Veneer/Stain	Upcharge

VENEER GRAIN OPTIONS

Nienkamper products utilize the best quality veneers available, and, combined with Nienkämper's patented veneering systems, create work environments of incredible quality and beauty.

All veneer furniture comes standard with flat cut book-match veneer; flat cut slip-match veneer can also be specified. Quarter cut slip-match and quarter cut book-match veneers are available at a 5% upcharge. Figured Anagre and Figured Sycamore veneers are Quarter cut book-matched. Bird's Eye Maple and Curly Maple are rotary cut.
Facet Edge, Taper edge and Flowform edge tops with veneer are manufactured with a solid wood edge. All edges are then veneer wrapped to create a seamless profile top.

P-LAM

Wood grain plastic laminate surfaces are available on table tops with Facet and Taper edges.

These tops are manufactured with a solid wood edge that is applied prior to the laminate top surface. This method conceals the thickness of the wood edge, while providing the durability required. Wood edges are selected that most closely resemble both the species and the color of the laminate chosen

Nienkämper has pre-selected a number of standard wood grain plastic laminates that represent a cross section of both color and species. Simply include the order code with the model number to make these selections. Alternatively wood grain plastic laminates selected outside of Nienkämper's standard selection can be made by specifying the manufacturer as well as the description and model number of the laminate at the time of order. Note: for Facet edge tops the laminate must be a post-forming grade.

Wood Grain Plastic Laminate Surfaces	Order Code	Manufacturer #	Finish
Champagne Sagawood	WL1	Nevamar WM8349T	Textured
Hardrock Maple	WL2	Pionite WM791-SD	Textured/Suede
Amber Curly Maple	WL3	Pionite WM221-SD	Textured/Suede

Florence Walnut	WL25	Wilsonart 7993-78	Fine Grain
Skyline Walnut	WL26	Wilsonart 7964K-12	Soft Grain
Sterling Ash	WL27	Wilsonart 7995-78	Fine Grain

To specify the wood grain laminate required simply add the Order Code WL_ to the model number of the product.

Wood grain laminate samples are available from your local sales representative or by calling Nienkämper's customer service department at 1-800-668-9318.

COLORED PLASTIC LAMINATE SURFACE - VOX®

COLORED PLASTIC LAMINATE

Both Taper and Facet edge profiles are available with a colored laminate top.

Laminate edging on Taper tops. Edging will match the top surface and is applied <u>prior to the surface laminate</u>. By applying the laminate in this way the seam is positioned horizontally, is much less conspicuous as well as more durable.

Wood edging on Facet and Taper Edge tops is applied prior to the laminate. By applying the wood edge in this way the thickness of the wood edge is concealed, while providing the durability required. Wood species and finishes for edging,
can be selected from page 10.

For laminates specified outside of Nienkämper's standard selection, specify the manufacturer as well as the description and model number of the laminate selected at time of order. For Facet edge tops, the laminate must be a post-forming grade.

Colored Plastic Laminate samples are available from your local sales representative, or by calling Nienkamper Customer Service Department at 1 800 668 9318

Coloured Plastic Laminate Surface	Order Code	Manufacturer #	Finish
Grey (Nienkamper - Light Grey/Putty)	CL-01	Wilsonart 1500-60	Matte
Plantinum Grey (Nienkamper - Medium Grey/Clay)	CL-02	Nevamar S6023T	Textured
Slate Grey (Nienkamper - Dark Grey)	CL-03	Wilson D91-60	Matte
Black	CL-04	Wilsonart 1595-60	Matte
Angel White	CL-05	Pionite SW-826N	Suede
Frosty White	CL-06	Wilsonart 1573-60	Matte

Add the order code behind the edge profile when specifying.

COLORED "FINGERPRINT RESISTANCE" PLASTIC LAMINATE

Fingerprint Resistance Plastic Laminate is an innovative material created for interior design applications and is suitable for both vertical and horizontal interior applications on our nienkamper furniture.

The external surface of Fingerprint Resistance Plastic Laminate involves the use of nanotechnology made possible by next generation acrylic resins.

The unique composition offers extraordinary features coupled with a unique user experience. These include an ultra matt surface (eliminating glare), an ultra soft feel, an anti-fingerprint surface, thermal healing of micro-scratches, increased durability as well as anti-bacterial and mold-resistant properties.

Edgeband with matching color to the Fingerprint Resistance Plastic Laminate is only available on tops with a taper edge. For a 1" or 1-1/4" thick top with self edge, either the same Fingerprint Resistance Plastic Laminate can be specified, or a clear/silver translucent edge.

There is a 10% upcharge on our standard plastic laminate table pricing for Fingerprint Resistance Plastic Laminate.

Colored "Fingerprint Resistance" Plastic Laminate Surface	Order Code	Finish
Black	RL-01	Matte
Gray	RL-02	Matte
Pure White	RL-03	Matte
Sand	RL-04	Matte
Bronze	RL-05	Matte

Edgeband to Match with Colored "Fingerprint Resistance" Plastic Laminate	Order Code
Black	RE-01
Gray	RE-02
Pure White	RE-03
Sand	RE-04
Bronze	RE-05

ALUMINUM FINISHES

Anodized Aluminum Finishes	Order Code
Silver	AL-01
Champagne	AL-02
Light Bronze	AL-03
Bronze	AL-04
Black	AL-05

Simply specify the finish of choice when placing your order. Note upcharges may apply for non-standard finishes.

PAINT FINISHES

Some Vox components are painted.

Paint finishes are generally used when anodizing is not an option, (i.e. castings). While color matching is close it is impossible to match exactly the qualities of anodizing with paint finishes.

Standard Paint	Order Code
Silver	SP-01
Champagne	SP-02
Light Bronze	SP-03
Angel White	SP-04
Frosty White	SP-05
Black	SP-05

| Metallic Paint	Order Code
Silver Metallic	MP-01
Champagne Metallic	MP-02
Light Bronze Metallic	MP-03

Anodized aluminum and paint finish samples are available from your local sales representative or by calling Nienkämper Customer Service department at **1.800.668.9318**.

Laminate edging "LE" Laminate edging is applied prior to the surface laminate. By applying the laminate in this way the seam is positioned horizontally, which is much less conspicuous as well as more durable. Corners on laminate edged tops are 90 degrees with the edge slightly eased.

¹/₂ **scale**
Wood edging "WE" on laminate tops A ⁷/₁₆" thick wood edge is applied on top of the laminate exposing the wood edge on the surface of the table. The edge is slightly radiused and mitred at the corners. Corners on these tops are slightly rounded to match the top edge. Wood species and finishes for edging can be selected from page 174.

¹/₂ **scale**
Wood tops - the model number selects MULTI-PURPOSE ROOM tables with wood tops after the size has been selected.

Self Edge "SE"

Tops are $1^1/4$" thick and include a $^3/_{16}$" thick solid wood edge that matches the veneer of the top. Solid edges are mitre-joined at the corners. Figured Anagre and Figured Sycamore tops are made with solid Maple edging with the figured veneer covering the top of the wood edge.

$^1/_2$ scale
